A handsome gold medal and a liberal purse will be awarded to the man who makes the greatest number of horse shoe wear in the shortest time.

KITCHENER WILL EXPEL CORRESPONDENTS.

Cape Town, November 24.—It is said that Kitchener's first act as commander in chief will be to expel all the newspaper correspondents from the Boer country, so as to keep the world in the dark as to his Weyler policy.

POLISH OBSERVANCE.

Pittsburg, Pa., November 24.—The celebration of the first quarter century of the St. Stanislaus Roman Catholic Church, which is composed of Poles, will conclude tomorrow, when an all-around jollification will be indulged in by nearly every Catholic of Polish extraction in the city.

ITS SEVENTY-FIFTH ANNIVERSARY.

Schenectady, N. Y., November 24.—The Kapp Alpha Fraternity will hold its seventy-fifth anniversary in this city this evening. Prominent Greek speakers will be present and they will entertain matters by relating ancient Grecian reminiscences.

RUMOR OF PLOT TO KILL KRUGER.

**Look to the Food You Eat.**

**Blank's Coffee**

The only complaint we ever heard of Blank's Coffee was made by a boarding-house keeper. She said Blank's Coffees were so much better than her boarders drank too much. Even then when you consider that "Faust Blend," Blank's best coffee, costs less than 1 cent per cup, it costs little more to have the best than the poorest coffee. Blank's other brands of coffee are as good proportionately as Faust Blend. We keep them.

CAPT. WHEAT DEAD.

Captain J. J. Wheat, an old and honored resident of Beaumont, died at the home of his son, Mayor Wheat, in this city at 5:30 o'clock this morning.

He seemed to suffer no pain but like ripe fruit plucked by the creator who made it, he passed into another field, "larger than this he left and lovelier."

In the evening of life, blessed with the bounteous fruitage of good deeds, he gently passed away, with the light of peace, of faith and hope, and hallowed resignation shining over his life and aged face.

"'Twas only a transformation into a longer and happier life honestly earned by an earthly existence filled with good deeds to his fellow man and duty to God."

Deceased was born in St. Allen parish, La., September 21, 1824, and moved to Beaumont in 1888, where he and his family have made their home since that time. During the Civil war he served with honor and distinction as captain of troop F, in the Ninth cavalry battalion. He was a member of the Masonic order and Albert Sidney Johnson camp of United Confederate Veterans.

He leaves behind a wife and married sons and daughters, one of them being our mayor and townsman, D. P. wheat, with whom he made his home.

The funeral will occur tomorrow morning at 10 o'clock from the family residence, in charge of the Masonic lodge. The Sidney Johnson camp, United Confederate Veterans, will attend in a body.

If you are going to California this winter, or expect to visit Arizona or Northern New Mexico, it will pay you to make the trip via the Trinidad gateway, using the unequalled service of the Denver road in connection with the Santa Fe through service to the coast.

**MONSTER SCOW TO BE LAUNCHED SATURDAY, DEC. 8.**

The big clam shell dump scow that is being built here for Charles Clark & Co. will be completed about December 5 or 6 and will be launched Saturday, December 8, the last day of the Rice Carnival.

This will add another feature to the sights to be seen here at that time and those who are fortunate enough to see the launching of the scow can tell their friends that they were present when the largest dump scow ever built west of the Mississippi river was launched and that it occurred at Beaumont, Tex., December 8, 1900.

The boat was built for Charles Clark & Co. by Captain Ben Eckhoff, also built the largest dredge boat ever put up in this section of the country; this was also built for Charles Clark & Co. The dump scow is 130 feet long, 34 feet beam, 12 feet deep, and it requires 200,000 feet of lumber to construct it. Remember the date—Saturday December 8, at 4 o'clock in the afternoon.

Washington, D. C., November 22.—Senator Wellington of Maryland is in the city and says he will be bound by no party ties during the coming session of congress.

**When a Woman**

examines a BUCK'S STEEL RANGE she sees the rooming oven, the white enamel finish to doors and shelves—so easily cleaned; in short, she notes its convenience and capacity for baking, frying and stewing.

**When a Man**

examines a BUCK'S STEEL RANGE, he notes the strength of castings; he observes that inside corners are rounded off as well as outside ones. He hits the lids and inquires as to the weight of the stove; then he pays for it and never regrets the purchase.
